RUHUHA HEALTH CENTER AND RILIMA PRISON

**SEPTEMBER - 1 WEEK - 99 PATIENTS**  
RILIMA PRISON

7 WEEK TOTAL PATIENTS

# 448

**A Message From Dr. Thomas & Lita**

Dear Friends,

Muraho from Rwanda! We pray you are well and thank you for your continued support of us and our team. Our hearts are so full as we report what the Lord is doing here in Rwanda, and we hope you too are encouraged as you continue to read about the happenings with HHOA.

For ten years I dreamt about tackling Kilimanjaro, and in August I completed that dream! I am so happy to have conquered this goal. It was the hardest thing I have ever done, and probably will do. But it was worth it. Seeing God's creation from a completely different place and spending ten days in solitude and prayer was a personal journey which I will remember for the rest of my life.

September 7-9, Lita and I had the pleasure of attending the Global Mission Conference Africa in Kenya. I spoke at one of the breakout sessions on Wholistic Health: Prioritizing Dental Care. We had the opportunity to network with some important people in medical missions of Africa and are excited to see what may come from these new connections.

On September 16th, Dr. Aimable left his home in Rwanda to take his first plane ride to Nairobi, Kenya. That plane ride began his new journey for the next four years earning his Masters degree of Dental Surgery in Oral and Maxillofacial Surgery. We are so proud to share that he has received a full scholarship and will be receiving monthly support for his living expenses for the next 4 years, too.

These past few weeks we have also put in place some exciting opportunities for next year which we will not share about just yet; however, we can say we are so excited already for what 2024 will bring!

Continue to pray for the Lord's wisdom and protection, and please share with us how our [Prayer Team](#) can pray for you.

And we thank you! Your faithful support means everything to us. You remain in our hearts and prayers always.

In Christ,  
Thomas and Lita Lee

## MAIN FEATURE

### Purchase of the Hope Dental Center Building!

We did it! His Hands On Africa has purchased the Hope Dental Center building in Kigali, right next door to the Rwanda Ministry of Health. We look forward to celebrating this significant achievement with all of you at the 2023 in-person gala on November 11th, providing more information about the remodeling efforts that will begin soon and the impact this purchase will have on our ability to expand to areas of Rwanda in which we have not yet been able to serve. As the theme of our gala says, we are "Expanding the Kingdom"!

We want to take a moment to express just how incredibly thankful we are for all your unwavering support. It is not an exaggeration to say that we would not be who we are today without you. At His Hands On Africa, we are driven by a shared mission to make a positive impact on the lives of those in need, and your generosity has been the cornerstone of our success. Your dedication and belief in our cause have propelled us forward, enabling us to accomplish far more than we ever thought possible. The work we do, the lives we touch, and the hope we provide are all a testament to your compassion and commitment. We are deeply grateful for your partnership and look forward to continuing this incredible journey of making a difference together.

The journey does not stop here. In fact, it is just the beginning!

## Mission Work and Outreach

### Transforming the Kibungo Referral Hospital's Dental Clinic!

On September 6th, we began the upgrade of our third dental clinic at Kibungo Referral Hospital. This hospital, located two and a half hours

Southeast of Kigali, receives patients from surrounding district hospitals in addition to the 400,000 citizens of the Ngoma District they serve. The new and renovated clinic, which we anticipate completing by the end of October, will have four, modern-designed treatment rooms and fully functioning dental equipment. One of our biggest corporate sponsors, Digital Doc donated a complete digital intra-oral x-ray system for this project. A huge thank you to Dave Wilson, the owner, and our friends at Digital Doc for their overwhelming support of our mission.

With the tremendous impact we have made in two years since the upgrade of our first clinic at Nyamata Hospital, we are anticipating that Kibungo Referral Hospital will do the same. Project like these are made possible by your prayers and generous financial support. We can't wait to celebrate the opening of the clinic soon, and the healing and blessing that will happen in the name of Jesus at Kibungo.

Check out our Facebook page to see more photos!

## Homefront Operations and Updates

### Individual Gala Seats

Table sponsorships for the 2023 gala have exceeded expectations. However, we do have seats still available for purchase. There is limited availability, so don't hesitate! Tom & Lita will be there to say "Muraho" and take a picture with attendees. With a performance by a Grammy-nominated artist, videos showing what is happening in Rwanda, a chance to win one of many gifts in the raffle and a live auction, you won't want to miss out on HHOA's opportunity to celebrate our past achievements, discuss our future plans and honor our dedicated donors.

For those who cannot make it, we will be recording the event.

### Grammy Nominated Performer, Jubilant Sykes, at the Gala!

We are thrilled to announce the incredibly talented, Grammy-nominated Jubilant Sykes will be performing once again at this year's gala.

Jubilant is an extraordinary American baritone renowned for his unparalleled vocal versatility, seamlessly blending gospel, jazz, and folk influences into his classical

performances. His talent has graced prestigious stages worldwide, from the Metropolitan Opera to the Apollo Theater and beyond. Jubilant's musical journey includes memorable partnerships with icons like Julie Andrews and Carlos Santana. Beyond music, Jubilant has made his mark in film and theater, with roles in "Freedom," "Breath and Imagination," and more. In 2023, he will captivate audiences in the suspenseful thriller "Fin." Jubilant resides in Southern California with his wife, Cecelia, and three sons.

## Partnerships & Research

### Our Partner Digital Doc LLC's Impact on the Newest Clinic!

We're thrilled to announce a generous contribution from Digital Doc! A heartfelt thank you to Digital Doc for their incredible support. With each supporting organization, we are one step closer to helping develop a sustainable health care system in Rwanda. Items donated include a digital x-ray machine and intraoral sensors being installed in our newest remodel of the Kibungo Referral Hospital.
